Meet the EC Members: Dana Mansell, President

Dana fell into CPD by accident after working for many years in the corporate world. After growing up in Delaware and graduating from Penn State she began working for an international corporate company that took her around the world. She then switched gears and landed in the nonprofit sector after a chance meeting. Her first year was spent figuring out what CME stood for but 10 years later, Dana is still working for the Obesity Medicine Association as its Education Director in Denver. She's excited for this upcoming year with CACME!
